

## **COVID-19 Update for Industry Participants**

**21 December 2020**

### **NSW COVID-19 Cases – Update**

In response to NSW positive COVID-19 cases that have been detected following the Northern Beaches COVID-19 cluster, Racing NSW has taken the following steps to minimise the risk of COVID-19 spreading into the NSW Racing Industry. These updated protocols are to be read in conjunction with previous notices.

#### **Summary**

- In compliance with the NSW Public Health Order, any person living in the Northern Beaches of NSW must not attend a NSW racecourse or licensed premises until further notice.
- Any person who has attended the venues listed below must not attend a NSW racecourse or licensed premises until they have complied with the requirements below.
- Maintaining of jockey/official zones on raceday.
- Jockeys rooms to ensure that only one person per 4 square metres and jockeys separated by region.
- Mandatory face masks to be worn by all licensed Essential Personnel, Media and Officials at race meetings and barrier trials conducted in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange).
- Strong recommendation that participants wear face masks when at trackwork in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange).
- Owners prohibited from attending trackwork and licensed premises (trainers stables).

#### **Jockeys**

1. All jockeys must wear face masks during race meetings, trackwork and barrier trials conducted in the Greater Metropolitan Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange), however, may lower the face mask if they wish whilst riding a horse when competing or training.
2. Jockeys shall be placed in separate jockeys' rooms having regard to their regions and all jockeys' rooms will comply with NSW Health requirements of one person per 4 square metres for indoor spaces.
3. Any jockey experiencing any of the COVID-19 symptoms, must not attend the racecourse and contact their local Stewards and get tested.

4. Upon arrival on course, jockeys must not enter the jockey's room until their temperature has been checked and verified within normal parameters. Jockey must sanitize their hands before entering the jockey's room and have a face mask on at all times when in the jockey's room.
5. A jockey experiencing an elevated temperature will be given the opportunity to have a further temperature assessment 15 minutes following the first assessment.
6. Should the rider's temperature remain elevated he or she will not be permitted to enter the jockey's room and shall be required to leave the racecourse. A medical clearance to the satisfaction of Racing NSW will be required before riding again.
7. Once in the jockey's room, wherever possible, jockeys will be required to segregate a minimum of at least 1.5 metres apart and wear a face mask at all times. Jockey's rooms shall be divided into multiple rooms at the direction of the Stewards.
8. Whenever possible, between races jockeys should use hand sanitizers provided by the club. All gear should be cleaned/disinfected between races.
9. Direct contact between other jockeys and persons should be avoided at all costs and maintain social distancing (1.5 metres apart) from all persons.
10. Should any rider feel unwell or experience any of the symptoms of COVID-19 throughout the day, they must advise the Stewards who will obtain medical assistance.
11. Once a jockey has fulfilled their final engagement, they should thoroughly clean/disinfect gear, shower and leave the jockeys room and racecourse immediately.
12. The use of spas on all racecourses is prohibited until further notice.
13. The use of dedicated persons wearing face masks and gloves to 'leg up' jockeys shall continue.

## **Race Meetings**

1. Face masks must be worn by all Essential Personnel, Media and Officials whilst at race meetings in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange).
2. Essential Personnel and Officials must be separated from raceday patrons including owners at race meetings conducted in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange).
3. The operation of jockey and officials' zones from other industry participants will remain in force.
4. Race clubs may continue to allow patrons (including owners) to attend race meetings but must ensure proper separation from Essential Personnel. Race clubs should continue to monitor the NSW Government website at the link below, to ensure compliance with any orders that are in place which currently limited indoor spaces to one person every 4 square metres and not more than 300 persons per every indoor space for venues in the Greater Sydney Area. Patrons should be encouraged to wear face masks.

### Trackwork, Barrier Trials and Licensed Premises

1. Only Essential Personnel and Officials are permitted to attend trackwork and licensed premises or stables in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange) until further notice.
2. Owners are not permitted to attend trackwork and licensed premises or stables in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange) until further notice.
3. Subject to the restrictions below, owners may attend barrier trials but not in restricted areas as designated by the club, to ensure proper separation from Essential Personnel.
4. Trainers should ensure they continue to implement their COVIDSafe plans including the checking of staff temperatures on arrival and encourage staff to wear face masks at trackwork. Face masks must be worn by licensed Essential Personnel, Media and Officials at barrier trials conducted in the Greater Sydney Area, including the Central Coast (Gosford/Wyong) and Wollongong (Kembla Grange). Trainers should ensure they are fully aware of the conditions listed below in respect to requirements for staff to self-isolate, get tested and report contacts to Stewards.

### Requirement to Self-Isolate and Report to Racing NSW

Any person who has attended any of the venues or travelled on the public transport listed below, must report such attendance to Racing NSW, not attend a NSW racecourse or licensed premises, get tested and self-isolate for a period of 14 days. Persons are not permitted to attend a NSW racecourse or licensed premises until a negative COVID-19 test has been provided to Racing NSW and the self-isolation period has been completed.

Location	Dates
	<b>Updated advice</b>  Anyone who attended this venue any day on or after <b>Tuesday 8 December</b> is considered a close contact and should <a href="#">get tested</a> and <a href="#">self-isolate</a> for 14 days, even if they receive a negative result, after they were last at the gym. <b>Palm Beach to Wagstaffe</b>	<p><b>Wednesday 16 December</b> 6:15pm to 6:35pm</p>

### **Persons Living in Northern Beaches**

Any person who resides in the Northern beaches is not permitted to attend a racecourse or licensed premises until further notice. The NSW Government has issued a Stay at Home Order for any Northern Beaches resident. Northern Beaches residents must not be away from their place of residence or temporary accommodation in the Northern Beaches unless they have a reasonable excuse.

A reasonable excuse includes

1. shopping for food or other goods and services
2. medical care or compassionate needs
3. exercise

4. work or education, where you cannot work or learn from home.

The stay at home order affects people who were residents of the Northern Beaches area at any time between **Thursday 10 December 2020** at 12.01am and **Saturday 19 December 2020** at 5.02pm.

It applies if you were at a place of residence or temporary accommodation in the Northern Beaches local government area during that time and

- are still in the Northern Beaches area or
- left the Northern Beaches area before 5.02pm on 19 December 2020 and are now staying somewhere else.

the Northern Beaches must comply with such orders and must not attend a NSW racecourse or licensed premises until 11:59pm on 23 December 2020 (or such time as determined by Racing NSW).

For further information please contact Racing NSW Stewards and participants should monitor the NSW Health Department website for updated hotspot sites at the link below.
