## User Guide

### Introduction

Racing NSW in conjunction with Racing Australia via the Single National System (SNS) is now delivering to the Thoroughbred industry nationally the capacity to provide participants with a significantly enhanced experience when interacting with core industry administrative functions and processes.

The SNS provides a set of unified tools which empower industry participants to transact online rather than completing paper based forms.

SNS encompasses every aspect of Principal Racing Authority and Racing Australia racing related activities, delivering an unparalleled opportunity for greater efficiencies, removal of duplications in infrastructure in each State and Territory and substantive benefits for industry participants including but not limited to licensing, ownership/horse registration, stakes payments and bonus scheme administration. Stewards and Handicappers along with Racing Departments are amongst key industry stakeholders who will also benefit from access to the SNS.

The central vision for the Single National System from which all other objectives emanate is the principal of the creation of a unique identification for all industry participants.

As per previous seasons, licensees will receive a Licence Offer email that contains the link to guide you through this process.

If you have not received an email offer and wish to register for the new season and you were:

- Not licenced in the same capacity last season, please contact the **Racing NSW Licensing Department** on **02 9551 7500** to discuss the process to re-apply for your license.
- Licenced last season but do not have a current email address that has been recorded by Racing Australia, contact **Racing Australia Service Centre by email** at [LicensingNSW@racingaustralia.horse](mailto:LicensingNSW@racingaustralia.horse) to register your email address and be provided with a license offer email.
